**5TH INTERNATIONAL AND 1ST VIRTUAL CONGRESS
ON ENDOSCOPIC GYNECOLOGY WILL BE HELD
21 TO 25 SEPTEMBER 2020 ONLINE
ON THE PLATFORMS
www.endosurgery.kz and zoom**

The Congress is held in the framework of the 5th anniversary of the Public Association of Gynaecologists-Endoscopists of Kazakhstan and the 25th anniversary of the Institute of Reproductive Medicine.

The Title Sponsor of the Congress, the company KARL STORZ celebrates its 75th anniversary this year.

The online platform will bring together the leading gynaecologists-endoscopists from Kazakhstan, France, Italy, India, Russia, Ukraine, Azerbaijan to share the experience gained, show live surgery from operating rooms from different cities and countries.

MAIN TOPICS:

09/21	Hysteroscopy/hysteron-resectoscopy, reproductive gynaecology
09/22	Endometriosis
09/23	Prolapse
09/24	Minimally invasive surgery in gynaecological oncology
09/25	Reconstructive surgery of the pelvic organs

Participants of the Congress will have access to closed-access presentations and video cases for viewing at a convenient time.

To participate in the congress, you must register. Access to participation is available only through a unique link to a verified email address.

The Congress hosted by:

- Public Association of Gynaecologists-Endoscopists of Kazakhstan
- Kazakh Medical University of Continuing Education
- Kazakh Institute of Oncology and Radiology
- Institute of Reproductive Medicine LLP

Title sponsor:

Congress partner for ICG:

T.K. Kudaibergenov

Dr. habil. med., Professor,
Chairman of the Public Association
of Endoscopists-Gynaecologists
of Kazakhstan

Dear Colleagues!

On behalf of the Public Association of Endoscopists-Gynaecologists of Kazakhstan, I greet everyone with all my heart! In this challenging 2020, the 5th International and 1st Virtual Congress on Endoscopic Gynaecology will be held on September 21-25. I am pleased to announce that the Congress is dedicated to the 5th anniversary of the Public Association of Endoscopists-Gynaecologists of Kazakhstan. I am pleased to point out that over the years endoscopy in Kazakhstan has been improving and enhancing in all corners of our country, new, young gynaecologists-endoscopists appear who provide secondary care to patients in our country. There are certain successes and achievements in improving the outcomes of gynaecological patients. The Congress is held jointly with the Institute of Reproductive Medicine, the Kazakh Institute of Oncology and Radiology, the Kazakhstan Medical University of Continuing Education, the company "KARL STORZ", the Public Association of Endoscopists-Gynaecologists of Kazakhstan with participation in the Congress of gynaecologists-endoscopists from Kazakhstan, Russia, Ukraine, France, Italy, Azerbaijan, India.

All events of the Congress will be aimed at improving gynaecological care in our country. I really hope that obstetricians-gynaecologists of Kazakhstan and other friendly countries, my colleagues will take an active part in the Congress!

T.M. Dzhusubaliyeva

Candidate of Medical Science
Director of the Institute of
Reproductive Medicine,
Almaty

Dear Colleagues, Guests and Participants of the Congress!

On behalf of the Institute of Reproductive Medicine, I would like to welcome all participants of the 5th International and 1st Virtual Congress on Endoscopic Gynaecology. The congress is dedicated to the 25th anniversary of the Institute of Reproductive Medicine (IRM). Our Institute is the first IVF Centre in Kazakhstan. For 25 years, more than 14,000 babies have drawn the first breath at IRM with the help of IVF. The IRM Clinic is a full cycle of treatment for female and male infertility, employing more than 300 employees and more than 70 doctors. The IRM provides medical and diagnostic assistance to patients not only from Kazakhstan, but also to married couples from near and far abroad.

Since 2011, the endoscopic methods have been successfully introduced and improved at the IRM Clinic. On average, more than 4,000 operations are made per year, with good short and long-term results. Annually, the doctors and nursing staff of the IRM valuably contribute in Congresses and conferences on endoscopy. The IRM Clinic is not just an IVF clinic, but also reproductive surgery, oncofertility, andrology, genetics, embryology laboratory, women's consultation, educational and training centres. This is the path to happy motherhood! Good luck and fruitful work in Congress to everyone!

EXPERTS / SPEAKERS / SURGEONS

Aliyeva Rashanda Mazakhir

Obstetrician-gynecologist of the Baku Health Center, Baku branch of the First Moscow State Medical University named after I.M. Sechenov. Baku, Azerbaijan

Baido Sergey Victorovich

Candidate of Medical Sciences, Associate Professor, Deputy Chief Physician for Surgery of the Israeli Oncology Clinic LISOD Kyiv, Ukraine

Basharova Gulbaram Essenbekovna

Candidate of Medical Sciences, Obstetrician-Gynecologist of the HMC ADP RK, Nur-Sultan, Kazakhstan
